Re: Bluestone Mining applications and meeting dates

The Town of Windsor Planning Board, at its meeting Wednesday, October 29, reviewed four applications to the DEC for bluestone mining permits.

The planners voted to recommend to the Town Board that it advise the applicants for the proposed Brink Quarry, the Myers Bluestone Quarry and the Shaffer Quarry of the town's Local Law #3-2009 concerning depositing and tracking stone and dirt on town roads and Local Law #4-2010 concerning Noise Control.

Because the Planning Board's November and December meetings fall on a holiday or the eve of a holiday, it moved its November meeting to Monday the 17th and its December meeting to Monday the 15th.

A copy of the minutes of our October 29th meeting is attached.
