Dave Brown (Code Enforcement Officer) updated us on the Bluestone Wind. The clearing of property was done and the testing tower is up and running data which is located on Cresson Hill in Windsor.

Dave gave us an update on any of the existing variances and nothing is pending.

3 of the Zoning board members attended a seminar on Complete Streets for our Communities at Cornell Cooperative Extension before the Zoning meeting tonight. We were updated on what has happened over the last couple of years for the project. This course showed us how to balance the needs of all users and develop and implement effective policies and procedures to create networks of Complete Streets in our community. The course gave the members who attend 3 hours towards the 4 hours of municipal training that is required by State law.

Meeting adjourned @ 9 pm.
