1. Football & Cheer have already completed 3 games and we have 135-175 children participating.
2. Soccer games begin next weekend we have 150 children participating.
3. We have field Hockey which will start this weekend with 50 girls through 3 age groups
4. Have to look at how to maximize both the volunteers we do have and the facilities the school, village and town provide.
5. Has programs grow and evolve have to come to a way so that the adults somehow grasp the concept that this is for the CHILDREN.
6. Would like to fill 1 more board seat.
7. With the changes in school athletic programs, other youth programs, and the decreasing population in this area. We will have some changes that have to occur on how to best continue to serve the youth.
8. The Town of Windsor Youth programs are strong and moving to serve more children and I would like to thank the community, the parents, the volunteers and most IMPORTANTLY the kids for making it so.

Thank you

Robert Crowley
